👤 PROFILE

With a background in musical composition, I found in web development a new space to channel my creativity, combining it with logical thinking and problem-solving. Since beginning this transition, I've focused on continuous learning and building a strong technical foundation, while maintaining the sensitive and innovative perspective shaped by my artistic journey. I remain committed to growing professionally and contributing through creativity, collaboration, and ongoing learning.

🧠 SKILLS

React • HTML & CSS • Tailwind • JavaScript • TypeScript • Git • Python • Twig • Figma

📁 WORK EXPERIENCE

React Developer, Holocruxe [🔗](#) 09/2025 – Present

- Built 15+ reusable **React** components with **TypeScript** and **Tailwind**, improving consistency and reducing development time.
- Organized and led the frontend refactoring plan, identifying redundant structures and reducing repetitive code by 30%.
- Created company-wide **documentation**, including component usage guides and best practices, which improved onboarding and team efficiency by 40%.
- Develop customized solutions following the style guide and designs in **Figma**

Web Developer, Avature [🔗](#) 03/2024 – 09/2025

- Developed and maintained 20+ client portals, including 5 full new builds, ensuring consistency with **Figma** designs and Avature's internal style guide.
- Delivered 100+ customization cases with a low bug-fix rate, meeting deadlines.
- Implemented advanced styling using pure **CSS**, **Twig (PHP)**, and **HTML emails**, customizing templates based on client needs.
- Collaborated directly with designers and **QA** teams, aligning visual design and functionality to ensure high-quality final delivery.
- Authored 5+ internal **documentation** guides on portal workflows and best practices.

Frontend Developer, Holocruxe [🔗](#) 08/2023 – 03/2024

- Developed the core platform using **Next.js**, **TypeScript**, and **Material UI**.
- Implemented **3D** modeling with **Three.js** and **Blender**.
- Refactored the company's Landing Page using **Next.js**, improving Core Web Vitals from 50 to 86 and reducing load time by ~4 seconds, improving performance and user experience.
- Conducted data analysis with **Google Analytics** and **Hotjar**.

Web Developer, Focus On Kids 01/2023 – 08/2023

- Led a cross-functional team of a **UI/UX** designer, PM, to build a new **React** website from scratch.
- Developed a 10-page website aligned with the company's rebranding and visual identity.
- Increased company visibility and client inquiries by ~35%, while improving overall **SEO** performance and Google ranking.

Ejecutive director, Focus On Kids 06/2021 – 07/2023 | Argentina

- Digitized and optimized the clinic's administrative processes, implementing efficient management systems.
- Managed communication with families and insurance providers, ensuring high-quality service.

Frontend developer, Onlines&co 11/2020 – 08/2021 | Argentina

- Took my first steps in web development, gaining knowledge in **HTML**, **CSS**, **JavaScript**, and **WordPress**.
- Participated in practical projects that allowed me to apply web design and development concepts.
- This experience opened the doors to the world of frontend development and laid the foundation for my professional career.

EDUCATION

Technical Degree in Programming,

2023 – 2025 | Argentina

UTN - Universidad Tecnológica Nacional

Degree in Computer Science with a specialization in Programming, covering **Java**, **Python**, and **MySQL**.

Experienced in collaborative team environments, leveraging Agile **Scrum** methodologies for efficient project development and delivery.

Harvard's CS50

2025

Completed Harvard's CS50: Introduction to Computer Science. Gained proficiency in algorithms, data structures, **C**, **Python**, **SQL**, and **web development**, with a strong focus on problem-solving and computational thinking.

Frontend developer, Josh Comeau

2025

Interactive advanced courses, "**The joy of React**" and "**CSS for javascript developer**" covering advanced concepts in React and CSS with a strong emphasis on best practices, **accessibility**, and **performance**.

Frontend Developer, FrontendMasters

2023

Completed multiple Frontend Masters courses focused on advanced JavaScript, React, and CSS, emphasizing modern frontend architecture, performance, and scalable web development best practices.

Front end Developer, CoderHouse

2022

Completed the Frontend Development Career Path at Coderhouse, covering HTML, CSS, JavaScript, and React. Focused on building dynamic web applications, responsive design, and modern development best practices.

Full-stack developer, Oracle - Alura Latam

2022

Completed the Oracle Next Education (ONE) program by Oracle and Alura LATAM. The program combined web development training (HTML, CSS, JavaScript) with a strong focus on soft skills such as **communication**, **teamwork**, time management, and problem-solving. Emphasized project-based learning and career development for the tech industry.

Musical Composition, UNR

Rosario, Argentina

Developed strong analytical and creative problem-solving skills through music theory, orchestration, and digital composition.
